

Preferred Health Insurance Solutions

INSURANCE REFERRAL PROGRAM

No health license?

Not interested in writing
health business?

**WE ARE LICENSED AND WILL WRITE
YOUR HEALTH BUSINESS FOR YOU!**

**Start referring
and start earning.
It's that simple!**

If you get an individual health request that you can't or don't wish to handle, all you need to do is refer the business to Preferred Health Insurance Solutions!

Preferred Health Insurance Solutions (PHIS) is a national enrollment firm specializing in Affordable Care Act (ACA) enrollment options, COBRA continuation coverage, and supplemental health care plans. We work with companies and consumers to determine subsidy eligibility, review available benefits, explore personalized plans, and enroll them for coverage.

Our Call Center is staffed with licensed, multilingual health insurance agents who are certified on the Health Insurance Exchange and specialize in major medical and ancillary health products. We provide opportunities for producers to have access to our carriers on a national level through our referral program.

In partnership with First Stop Health, **we are also pleased to offer a unique Telemedicine program** for individuals and their family members. [Visit PHISonline.com](https://www.phisonline.com) to watch a video and learn more.

Sign up to join the PHIS Referral Program today!
